Re: Amended Charter

Attached is a copy of the Anaconda-Deer Lodge County Charter as amended by the Referendum of last year. Since the Petition calling for the Amendments to the Charter did not address some issues and the voters did not approve the changes recommended by the Commission elected last spring, the Charter must be written exactly as amended by the voters approval of the petition.

Most notable in this area is the lack of specificity on the elected position of Chief of Law Enforcement and the lack of powers given to the elected Chief Executive.

I incorporated the Certificate of Apportionment as it was presented to me and I am unable and unwilling to verify its accuracy.
